Beautifying Homes Since 1988

We at Sapphire believe in providing end-to-end home solutions, offering quality products with an unwavering commitment to services. Backed by our 35+ years of experience, we can ensure a solution-based product delivery that fulfils your individual requirements. At Sapphire, we have the most diversified product portfolio with over 5 verticals and 10000+ products.

▮ How It Started

Back in 1988, our founders – Goyal brothers, started this journey in a compact office of just 350 sq. ft. on the third floor of a commercial building in the heart of the city.

▮ Why We Started Sapphire?

Our founders strongly believed that customer satisfaction is the ultimate success of any business. Thus, we decided to offer best-in-class sanitary and plumbing products – often the most neglected products in the building construction segment

▮ Our Client Base

Initially, we catered to B2B clients from Pune and soon spread to Maharashtra, excluding Mumbai and Vidarbha. Today, we also cater to architects, interior designers, influencers and builders, developers, promoters and contractors through our dedicated vertical of project/institutional sales and retail stores.

▮ A Strong Product Portfolio

Our valuable and satisfied customers inspired us to expand our portfolio from bathrooms to kitchens, furnishings, lightings and more. We're now a one-stop solution for home and interior products.

▮ Why Choose Us

Our state-of-the-art multistoried showroom measures almost 10,000 sq. ft. at Katraj-Kondhwa Road. It's a must-visit place for architects and interior designers to experience our exclusive product portfolio with guidance on our products from our well-trained sales experts. We're committed to providing world-class products backed by excellent after-sales service.

Trusted by families for over 3 decades, Sapphire is now turning a new leaf with new-age products and contemporary solutions.

hansgrohe

ESSENTIALS

Hansgrohe is known for its commitment to quality and design, so you can expect that products in the Essentials collection are well-crafted and built to last. Additionally, they often feature sleek and modern designs to match various bathroom aesthetics. When considering any bathroom fixtures or accessories, it's essential to choose options that not only fit your style but also meet your functional needs.

About Hansgrohe Essentials

Hansgrohe Essentials is a product line by Hansgrohe, a renowned German manufacturer of high-quality bathroom and kitchen fixtures since 1901. The Essentials collection offers a range of bathroom accessories and fixtures designed to complement and enhance your bathroom space. These products are known for their modern design, durability, and functionality.

Begin your day with natural comforts as you step into a bathroom designed to fulfil every need. Sapphire helps you choose the right accessories as your family's requirements.

Residential Water Solutions

Pumping
Happiness

- Heat Pump
- Water Heaters
- Water Purifier
(RO, UV, Alkaline, Undersink)
- Water Softener
- Pressure Pump

Heat Pump

It uses 70% less electricity compared to conventional water heating solutions. It uses electricity only to move heat from one place to another instead of using heat to generate heat. This results in 70% less electricity consumption.

70% Energy
Savings

Gear up for stimulating hot water every morning with range of pumps & water heaters. We have some of the best brands in the industry waiting for you at our showroom.
